## HOMECOMING WEEKEND

In mid-October, students will find themselves struggling with mid-term exams. The weekend immediately before Mid-Term Test Week, alumni of the University will return to the campus for Homecoming Weekend; for some of them, it will be over fifty years since *they* last struggled with mid-term exams.

The weekend begins on Friday, October 17 at 8 p.m. at the Faculty Club with a Wine and Cheese Party. This is a chance for former students to meet former teachers and for present faculty members to meet some of the alumni. All faculty members are welcome to attend.

Because the campus has changed so rapidly in so few years, there is a campus tour at 10 a.m. on Saturday morning to show the graduates around. The tour will begin in the Rutherford Galleria and will proceed to HUB Mall, the Humanities Centre, Rutherford House, and will end with a tour through the newly-renovated Pembina Hall. Often, when graduates have not been back to the campus for fifty years, the campus is bewilderingly not the one they remember. Once, however, they are shown Assiniboia, Athabasca, and Pembina Halls, they soon get their bearings.

At 11:30 a.m. in Lister Hall, there is a luncheon which precedes the afternoon's football game at 2 p.m. between the Golden Bears and the University of Manitoba Bisons. The football game is always of great interest to returning graduates. If alumni attend the pre-game luncheon (which costs \$2 for adults and \$1 for children), admission to the football game is free. One of the highlights of this year's game will be when Clifford Bissett, Class of '25 and former Golden Bears star, now living in Miami, Florida, participates in the kick-off ceremony.

The most important event of the weekend will be the Banquet and Ball which begins at 7:30 p.m. in Lister Hall. Here, special recognition and honor will be given to the Silver and Golden classes ('50 and '25), as well as to the other specially designated classes ('15, '35, '55, '65, and '70).

A.G. Markle, Alumni Executive Secretary, says that it is often the Golden and Silver graduates who travel the greatest distances to return for Homecoming Weekend. There is a possibility, for example, that at this year's Homecoming Banquet and Ball, there

will be the opportunity to honor the first woman graduate from the Faculty of Medicine. Leone Hellstedt (nee MacGregor), Class of '25, may travel here from Stockholm where she is still a practising psychiatrist. For most of the older alumni the evening is never long enough to allow for all the talking and reminiscing they wish to do. And although for most of them, Homecoming Weekend ends all too quickly, they may be consoled by the knowledge that A.G. Markle and the Alumni Association are almost finished planning next year's Homecoming Weekend.

## OVERLAP INCREMENTS FOR ASSOCIATE PROFESSORS

*The following report was received from B.H. McDonald, Assistant to the President.*

At its meeting on September 5, 1975 the Board of Governors approved a change in the 1975-76 salary scale for Associate Professors from \$19,720-\$25,959 per annum to \$19,720-\$28,455 per annum. This is the effect of the decision to permit three overlap increments of \$832 per annum each at the top of the Associate Professor range. It was also decided that the revised scale should be implemented effective July 1, 1975 but that Faculty and School Salaries and Promotions Committees not meet to consider eligible cases until the regular meetings of those Committees in the fall/winter of 1975-76 at which time the Committees would consider, on a retroactive basis, increments to take effect July 1, 1975 for those staff members who, because of the fact that there was not an overlap arrangement in effect last year, were unable to receive merit increments at that time.

At 2:30 p.m. the same day, two lectures will be given: the first by D.P. Behan of Agnes Scott College, Decatur, on "Locke and the concept of person;" the second by Eric Matthews, King's College, Aberdeen, on "Locke's account of personality." On Sunday, October 5, M.S. Johnson of Austin Presbyterian Theological Seminary, will deliver a lecture on "Man's power for Locke" at 10 a.m. At 1:30 p.m., G.A.J. Rogers, University of Keele, will speak on "Locke, science, and the Platonists."

Interested members of the University community and the general public are welcome to attend these lectures. Admission is free. All sessions will be held in L-4, Audiovisual Centre, Humanities Centre.

## UNIVERSITY POWER PLANT EXPANSION TEMPORARY NOISE PROBLEM

*The following report has been received from R.E. Phillips, Director of the Department of Physical Plant.*

To meet present and future heating loads in the Greater Campus Area, a new 375,000 pound/hour, 900 pound pressure, 400°C boiler is being commissioned.

Extensive tests and adjustments must be carried out in order to ensure reliable and safe operation. Associated new auxiliary equipment such as feed water pumps, fans, turbines, safety valves, burners, flame safety devices and other controls must be tested separately and as a part of a total operating unit.

In start-up and shut-down of the boiler, steam must be vented through superheater tubes to the atmosphere to prevent damage to the new components.

### SENATE MEETING SCHEDULED

The University Senate will meet tomorrow, September 26 at 9:30 a.m. in the Club Room at the Jubilee Auditorium. The agenda will include the Chancellor's annual report, progress reports from the Task Force on the Extension Function and the Task Force on Native Students, the introduction of the Committee on University Legislation, and reports from the Committee on the Management Advisory Institute and the Committee on Dentistry. In addition there will be a presentation by members of the Faculty of Medicine, the first in a series of programs for Senate members designed to give them a wider knowledge of the University and its different parts.

### SPINAL ARTHRITIS AUTHORITY TO DELIVER MOUSSEAU MEMORIAL LECTURE

One of the world's leading authorities on Marie Strumpell's Disease (ankylosing spondylitis) will deliver the 13th annual Dr. L.P. Mousseau Memorial Lecture.

Alexander Law, head of the Department of Orthopedic Surgery at the London Hospital, London, England, will speak on the disease, which is an arthritic condition of the spine, on October 8 at 8:15 p.m. in TL-11 Henry Marshall Tory Building.

The lecture—"The Surgery of Marie Strumpell's Disease"—is free and open to the public. It is sponsored by the medical staff of the Edmonton General Hospital in memory of L.P. Mousseau, head of the department of surgery at the hospital from 1937 to 1961. Dr. Mousseau was also an assistant professor of surgery at the University of Alberta, and he served two three-year terms on the University's Board of Governors.

Mr. Law is the first lecturer in the Mousseau series who does not reside in North America, and his visit has precipitated a change in the format of the Mousseau Lecture. For this year only, the lecture becomes part of a symposium on injury and disease of the back.

Scheduled for October 8 and 9 at the Edmonton Plaza Hotel and the auditorium of the Edmonton General Hospital, the symposium will present discussion on a wide variety of spinal problems.

The guest faculty, which includes Mr. Law; A.L. Nachemson, Chairman of the Department of Orthopedic Surgery at Sahlgren Hospital, Goteborg, Sweden; and V.L. Nickel, Chief of Surgical Services in Downey, California, will

W. Rauschning

lecture on biomechanics of the lumbar spine, physiology and biomechanics of the cervical spine in injury and disease, low back disability in workmen, and the different treatment programs for low back pain.

A review of 600 cases of failed surgical treatment of industrial low back injuries will be presented by F.A. Short, President, Orthopedic Consultants, Portland, Oregon.

Additionally, a panel discussion will focus on the real and hidden costs of repeated low back operations in Workers' Compensation Board cases.

The symposium is sponsored by the Workers' Compensation Board of Alberta, the Division of Continuing Medical Education within the Faculty of Medicine at the University of Alberta, and the Council of the College of Physicians and Surgeons of Alberta.

### VISITORS

■ Nine members of the American Gas Processors Association's Technical Committee visited the Department of Chemical Engineering. The purpose of the visit was to tour research facilities and confer with D.B. Robinson, Professor of Chemical Engineering, who is carrying out sponsored research.

### PEOPLE

■ Gyorgy Ozoray, a hydrologist with the Alberta Research Council, will lecture at the XII International Congress, International Association of Hydrologists, in Huntsville, Alabama this month.

■ Jiri Chlumecky, Assistant Director of Health Sciences Animal Centre, has been elected Member of the Laboratory Animal Science Association of Great Britain.

■ D.D. Betts, Professor of Physics and Director of the Theoretical Physics Institute, has in the past few months given by invitation colloquium or seminar talks on his research work at Brookhaven National Laboratory and the following Universities: Aberdeen, Carnegie-Mellon, Case Western Reserve, Cornell, Leuven, London, Ohio, Waterloo, and Yeshiva.

■ Leszek A. Kosinski, Professor of Geography, participated as consultant in a seminar organized by the Institute of Research on Public Policy. The Institute is involved in formulation of a long-term research program related to Canadian population policy, and a series of three seminars represent part of this development.

■ H.E. Gunning, President of the University, won first prize in the annual Chemical Institute of Canada golf tournament which was held at

the Broadmoor Country Club. Dr. Gunning led a field of 43 hopefuls with a net score of 72, thanks to a blazing back nine and a liberal handicap of 20.

■ D.E. Seborg, Professor of Chemical Engineering, presented a paper at the Sixth World Congress which was held on the MIT campus in Cambridge, Massachusetts. Profesosr D.G. Fisher and Dr. P.K.R. Chintapalli were co-authors of the paper.

■ R.T. Coutts, Professor of Pharmacy and Pharmaceutical Sciences, and G.W. Dawson, graduate student, each presented papers on drug metabolism at the Fall Meeting of the American Society of Pharmacology and Experimental Therapeutics, held at the University of California, Davis Campus.

■ William H. Lakey has been appointed Director, Division of Urology, Department of Surgery, Faculty of Medicine. Dr. Lakey is a graduate of the University of Alberta (1953) who has been on the full time staff of the Department of Surgery since 1960. He is co-chairman of the Renal Transplant Program in the University Hospital. During the past three years Dr. Lakey has been Director of Medical School Admissions. He is presently secretary of the Canadian Urological Association and Secretary-Treasurer of the Canadian Academy of Urologic Surgeons.

■ P.E. Vernon, University of Calgary, will be presenting a lecture on current work on heredity and environment pertaining to mental abilities on Monday, September 29 at 2 p.m. in Room 1-108, Education North. All interested persons are welcome to attend. The

lecture is sponsored jointly by the Centre for the Study of Mental Retardation and the Department of Educational Psychology.

■ Sandra Ubelacker, Professor of Secondary Education, recently returned to the University of Alberta to resume her teaching duties after a Canadian International Development Agency secondment to the Ministry of Education in Kenya. While in Kenya she was the National Business Education Inspector in which capacity she developed, introduced, and co-ordinated the business education curriculum for Kenyan secondary schools.

■ S.C.T. Clarke, Director of Summer Session and Evening Credit Program for the Department of Education, will conduct a study of discipline in a sample of one hundred schools this fall. The study will involve contacts with parents, students, staff, trustees, and others associated with the schools. Proposed jointly by the Alberta Teachers' and Alberta School Trustees Associations, the study will be conducted with the co-operation and assistance of the Alberta Federation of Home and School Associations, and the Conference of Alberta School Superintendents. It is being funded and carried out under the auspices of the Planning and Research Branch of the Department of Education.

■ M.E.P. Henderson, Director of the School of Library Science, will be the recipient of an honorary LLD September 27 at the University of Prince Edward Island, in recognition of her contribution to librarianship in the Maritimes and Canada generally. The occasion marks the opening of the new university library.

## NOTICES

### CORRECTION: JANE AUSTEN BICENTENNIAL CONFERENCE

Late last week, word was received that Lionel Trilling, one of the major speakers at the Jane Austen Conference will be unable to attend the conference owing to illness. Ian Jack of Cambridge University and author of *Augustan Satire, Keats and the Mirror of Art, English Literature 1815-1832* (in the *Oxford History of English Literature*), and a forthcoming book on Jane Austen, will take his place. to attend. Please see next week's *Folio* for further information.

#### VISITOR PARKING

Staff members are reminded that advance parking arrangements should be made with the Parking Office for persons invited to the University as guest speakers or for other purposes related to Departmental functions. This co-operation is necessary so that such persons may park their vehicles on the campus in accordance with the Traffic and Parking Regulations of the University.

#### PUBLIC MEETING

The National and Provincial Parks Association will hold a public meeting on Tuesday, September 30 at 8 p.m. in the auditorium of the Provincial Museum. The purpose of the meeting is to discuss the fate of the Churchill River canoe route—will it become a national park, or will current plans for dams interfere? Slides of a canoe trip down the Churchill River will be shown by Bill Pearce; a discussion will follow, with panelists including G.M. Davison of Parks Canada, Walter Kupsch, Director of the Churchill River Study, and E.H. Jones, Chairman of the Churchill River Basin Group.

#### FACULTY BADMINTON

The main gymnasium will be available to all those eligible for the Faculty Club, including spouses and post-doctoral fellows, to play badminton each Wednesday from 8:30 p.m. to 11 p.m. This program will begin on October 1. Beginners and experienced players are all welcome. Fees are \$6 per person. Further information can be obtained by phoning Kwat The at 432-3045, Frank Weichman at 432-3522, or Margaret Chambers at 432-6358.

#### PARKING ENFORCEMENT

*The following notice was received from G.A. Bulat, Outside Plant Engineer, Department of Physical Plant.*

Effective immediately, illegally parked vehicles in parking zones, loading zones, etc. which are causing problems on Campus will be subject to tow-away. This step-up in enforcement is necessitated by the fact that offending vehicles are denying the use of parking zones by authorized permit holders.

Because of the tight supply-demand situation of parking on Campus, it is requested that public transit or car pools be investigated by those still requiring transportation to the Campus. Those persons still requiring the need of a parking space should leave an application at the Parking Office should parking space become available.

#### SPECIAL COLLOQUIUM

C.L. Greenstock of the Medical Biophysics Branch, Atomic Energy Control Board, Whiteshell Nuclear Research Establishment,

will give a talk on "A Review of recent radiation chemical studies of radio sensitizers" on Wednesday, October 1 from 2:30 p.m. to 3:30 p.m. in the Auditorium of the W.W. Cross Cancer Institute.

#### THEATRE 3 RECEPTION AT FACULTY CLUB

On Thursday, October 2 at 7:30 p.m., Theatre 3 is hosting a Professors' Reception Upstairs at the Faculty Club. The reception is to introduce a special teaching program designed for use in conjunction with the theatre's upcoming schedule of plays. All faculty members are welcome. Admission is free. There is an open bar, and coffee and doughnuts will be served.

---

### NON-CREDIT COURSES

---

#### THE CHOICE: CAPITALISM AND THE FREE MARKET SYSTEM vs. SOCIALISM AND GOVERNMENT CONTROL

The Department of Extension is offering a course which examines the distinction between capitalism and socialism as well as some of the misconceptions held about both. The course will run 10 consecutive Wednesdays commencing October 8, 1975. Topics covered will include such questions as "Why governments embark upon inflation and why many economists believe it is almost impossible to stop without collapse of the currency," and "Why unemployment may be caused by monopoly unions and minimum wage laws."

The instructor is Brian Tracy a businessman who has made a first hand study of many political and economic systems, having travelled widely throughout Europe, Asia, Africa, and Central America. The cost of the course is \$75 which includes textbooks and materials. Call 432-5066 or 432-5067 for registration forms and further information.

#### THE PROCESS OF INTERVIEWING

The Department of Extension is offering a ten-week course entitled "The Process of Interviewing." The course will concentrate on developing skills necessary for the effective planning, conducting, and assessing of interviews. The course begins October 7 and will be instructed by Ken Wickenberg of Alberta's Department of Manpower and Development. Topics to be discussed include basic communication skills needed for interviewing; job analysis and job description; different types of interviews, utilization of interviewing and interviewing techniques; assessing applicants; evaluation of interview processes, techniques, and skills; examining the effects of interviews and applicant behavior during interviews; problem solving; and feedback on interview styles, techniques, and managerial behavior.

The fee is \$75 including materials. Registrations will be accepted in 228 Corbett Hall, 82 Avenue and 112 Street. More information may be obtained by calling 432-5066 or 432-5067.

#### ENVIRONMENTAL BIOLOGY FOR ENGINEERS

A series of lectures on environmental biology has been scheduled by the Department of Extension to begin October 1. The ten lectures will focus on particular environments, describing their biological components, and in the process, highlighting a number of important biological principles. The objective of the series will be to alert participants to the need for considering the biological effects of their work and to recognize specific activities which may result in environmental damage.

Lecturers are staff members of the University, Alberta Department of Fish and Wildlife, Renewable Resources Consulting Services Limited, and Western Ecological Services Limited.

Brochures outlining topics and listing lecturers may be obtained by calling 432-5066 or 432-5067. Registrations are accepted in 228 Corbett Hall, 82 Avenue and 112 Street. The fee is \$45 including materials.

#### ENGLISH LANGUAGE PROGRAM

The Department of Extension is offering nine courses in the English Language Program beginning September 29. All courses are 40 hours in length with the exception of a 30 hour course in pronunciation. The development of skills in writing, conversation, and pronunciation at various levels is the objective of the program.

Students who have not previously attended classes in the Program must take a placement test to determine which level they will benefit from most. Detailed information about the testing and about course content may be obtained by calling 432-1497 daytimes or 432-3116 evenings. All courses meet twice a week in the evenings.
